Make your next move  
Make your mark

This is a song made by people of Hong Kong

All around the world  
Does it sound familiar?

This is the sound of ambition!

For that next big thing around the corner  
At every life stage

Whether it's achieving a small win  
Reaching a lifelong dream  
Or leaping into a new start  
Opportunities never stand still

**[Little boy]** It keeps on going!

Wherever we are in the world
