[Voiceover] Hong Kong, our story together began 160 years ago...

From Queen's Road Central, we've shared many firsts together – from one-dollar banknotes to red passbooks, ATM cards to mobile banking.

Together, we have grown – watching our humble fishing port transform into a global hub of enterprise, innovation and finance.

From here in Hong Kong to every corner of the world, we have shared our journey worldwide.

Also through sport, culture, innovation, and art, from a historical landmark to a new global stage. We have written countless stories together.

With every chapter leading us here and beyond HSBC and Hong Kong, celebrating 160 years of great stories. We have only just begun.
