## HSBC WARNS AGAINST PHISHING WEBSITES

The Hongkong and Shanghai Banking Corporation Limited would like to alert its customers and the general public to a phishing website purported to be from HSBC. Fraudsters intend to capture customers' internet banking username and password via the fraudulent website. Below are the screen capture and URL of the phishing websites:

### Phishing URLs

hxxps[:]//carousell-hk[.]roalkenkr[.]shop/login/233PX217PE478E8973392

### Screen capture

HSBC reminds customers that it has no connection to the phishing website. Customers should not enter sensitive personal information, chat with anyone, or open any links on the webpage. Similar phishing attempts may recur. HSBC reiterates that it will not send SMS or email messages with embedded links which direct customers to HSBC's websites or mobile apps for account login, banking transactions, or submitting sensitive personal information and credit card details.

Customers are reminded to ensure they are connected to a valid HSBC site. The Bank's Hong Kong domain is <https://www.hsbc.com.hk>. Customers should access banking services by typing this address into the browser search bar.

If customers are concerned, they should call the HSBC Personal Customer service hotline at 2233 3000 and report to the Police. "Scameter", the government's scam and pitfall search engine, is also available to help identify potential frauds.
